

Don't let your emails be your weakest link

Email is a big part of our daily work. With more than half of cybercrimes involving email, your business might be more vulnerable than you think.

More people working on multiple devices across various locations means more opportunities for cyber criminals.

38%
of Singaporeans use unapproved personal devices for work¹

66%
of Singaporeans use mobile devices to check work emails¹

Out of 5,430 cyber crime cases reported in 2017, 67% involve email².

39%
Phishing*

17%
Ransomware*

11%
Spoofed emails

* Deliverable via email

In 2017, local businesses lost S\$43 million through a total of 328 email impersonation cases, up from 257 in 2016².

21.6%
increase in email impersonation in 2017
