Singtel Travel Protect

Endorsement Note

Your Singtel Travel Protect policy (your policy) has changed to take account of certain situations relating to COVID-19. We have extended some cover to include losses that:

- have arisen since the COVID-19 pandemic was declared; and
- could reasonably have been expected to lead to a claim which would otherwise be excluded under the general exclusions section of your policy.

Please note the following.

- 1 The extensions in section 24 below apply only if **your trip** keeps to the latest travel advice and restrictions issued by the Singapore Government.
- 2 This endorsement note forms part of your policy.
- 3 If anything in this endorsement note is inconsistent with this policy document, the terms of this endorsement note will apply.

Section 24 – COVID-19 extensions

We will pay up to the amount shown in the tables in this endorsement note for claims relating directly to COVID-19 made under the following sections.

Section 24a – Medical expenses while overseas

Cover under section 3 (Medical expenses while overseas) is extended to cover claims relating to COVID-19. For those claims, **we** will reimburse **you** (up to the relevant amount shown in the table below **for your selected plan**) for the **medical expenses you** have to pay if **you** are diagnosed with COVID-19 by a **medical practitioner** while **you** are **overseas**. This cover applies for up to 90 days in a row from the start date of the **trip**.

	Premium plan	Economy plan	Value plan
Each insured person under 70	S\$150,000	S\$50,000	Not covered
Each insured person aged 70 or above	S\$50,000	S\$15,000	Not covered
Each child insured person	S\$150,000	S\$50,000	Not covered
Maximum total limit for family cover	S\$400,000	S\$150,000	Not covered

The most **we** will pay in total under this extension for each **insured person** during one **period of insurance**, and regardless of how many claims are made under extensions 24a, 24b and 24c, is the amount shown for each **insured person** in 24b for **your selected plan**.

We will not pay for the following.

1. Diagnostic tests, unless they form part of the medical **treatment** provided when **you** test positive for COVID-19.
2. **Overseas** medical **treatment** which has been planned or pre-arranged.

Section 24b – Emergency medical evacuation

Cover under section 6 (Emergency medical evacuation) is extended to cover claims relating to COVID-19. Under this extension, **we** will pay up to the relevant amount shown in the table below for **your selected plan** for the reasonable expenses of an emergency medical evacuation, if the **appointed assistance company** (or their authorised representative) thinks it is medically appropriate for **you** to receive emergency **treatment** at another location **overseas** or to return to Singapore, and this is as a result of **you** being diagnosed with COVID-19 by a **medical practitioner** while **you** are **overseas**.

The **appointed assistance company** will make all arrangements for **you** to be taken to the most suitable location, based on how serious **your** condition is and the medical **treatment you** need. If **you** go to another location **overseas** to receive **treatment**, **we** will also pay for medically necessary and unavoidable expenses for returning **you** to Singapore afterwards, if necessary.

We will not pay any expenses for services provided by a party other than **our appointed assistance company** (or their

authorised representative), or expenses that are already included in the cost of the **trip**.

Each insured person	S\$150,000	S\$50,000	Not covered
Maximum total limit for family cover	S\$400,000	S\$150,000	Not covered

The most **we** will pay in total under this extension for each **insured person** during one **period of insurance**, regardless of how many claims are made under extensions 24a, 24b and 24c, is the maximum shown in the table above for **your selected plan**.

Section 24c – Repatriation

Cover under section 7 (Repatriation) is extended to cover claims relating to COVID-19. Under this extension, if **you** pass away **overseas** within 30 days from the date **you** are diagnosed with COVID-19 by a **medical practitioner** while **you** are **overseas**, **we** will pay up to the amount shown in the table below for **your selected plan** for the necessary expenses of transporting **your** body back to Singapore (repatriation).

The **appointed assistance company** will arrange and make all decisions about the repatriation, unless it is not possible for the **appointed assistance company** to repatriate **your** body due to reasons beyond **your** estate's control and **we** consider alternative arrangements to be reasonable.

We will not pay any expenses for services provided by a party other than the **appointed assistance company** (or their authorised representative), or expenses that are already included in the cost of the **trip**.

	Premium plan	Economy plan	Value plan

Under this extension, **we** will pay up to the amount shown in the table below for **your selected plan** for the unused portion of non-recoverable travel expenses (economy class), accommodation costs and **entertainment tickets** (for admission to theme parks, musicals, plays, theatre or drama performances, concerts or sports events) that **you** paid for if **you** have to cancel **your trip** within the 30 days before it was due to start as a direct result of **you**, a **relative** or a **travel companion** being diagnosed with COVID-19 by a **medical practitioner** in Singapore.

If **you** bought your policy less than seven days before the start date of the **trip**, cover under this extension will only apply if the **trip** is cancelled due to **your** death in Singapore as a result of COVID-19.

	Premium plan	Economy plan	Value plan
Trip cancellation	S\$5,000	S\$3,000	Not covered

If a claim relating to the same occurrence could be made under this extension or extension 24e, **we** will pay the claim under only one extension, not both.

We will not pay a claim under this extension in the following circumstances.

1. If **you** cancel **your trip** due to epidemic- or pandemic-related travel advice, including (but not limited to) border closures, quarantine orders and other orders issued by governments or the World Health Organization.
2. If **you** cancel **your trip** due to **you** changing **your** mind or having a fear of travelling.

If we accept **your** claim for **trip** cancellation under this extension, all cover under other extensions in this endorsement note will end.

Cover under section 12 (Trip disruption) is extended to cover claims relating to COVID-19. Under this extension, **we** will pay up to the amount shown in the table below for **your selected plan** for the reasonable extra travel expenses or the cost of the unused portion of non-recoverable travel expenses (economy class), accommodation costs and entertainment tickets (for admission to theme parks, musicals, plays, theatre or drama performances, concerts or sports events) that **you** paid in advance if **you** have to change any part of **your trip** as a direct result of **you**, a **relative** on the same **trip** or a **travel companion** being diagnosed with COVID-19 by a **medical practitioner** while **overseas**.

Section 2 – Public transport double indemnity (does not apply to Value plans)

We will pay compensation under this section for death resulting from an **injury** caused by an **accident** that happened while **you** were travelling on **public transport**, as a **fare-paying passenger**, during the **trip**. The following conditions apply to this section.

- b) If **you** did not get **treatment overseas**, **you** must get the necessary **treatment** from a **medical practitioner** in Singapore within 72 hours of arriving back in Singapore. After the date of the first **treatment** in Singapore, **you** must get any necessary follow-up **treatment** within 30 days of the date of the first **treatment**.

If **you** are entitled to a full or partial refund of expenses from any person or any other source, **we** will only pay the amount that is not refunded, up to the maximum limit under this section.

Section 5 – Traditional Chinese medicine (does not apply to Value plans)

For this section, a physician is a registered herbalist, chiropractor, acupuncturist, bonesetter or osteopath licensed under the relevant laws of the country **you** are in, including a traditional Chinese medical practitioner registered with the Traditional Chinese Medicine Practitioners Board.

The physician cannot be the **insured** or an **insured person**, or:

- their husband, wife or unmarried partner;
- their business partner, employer, employee or agent;
- their **travel companion**; or
- any person who is related to the **insured** or an **insured person**, including by marriage or adoption.

- b) If **you** did not get **treatment overseas**, **you** must get the necessary **treatment** from a physician in Singapore within 72 hours of arriving back in Singapore. After the date of the first **treatment** in Singapore, **you** must get any necessary follow-up **treatment** within 30 days of the date of the first **treatment**.

If **you** are entitled to a full or partial refund of expenses from any person or any other source, **we** will only pay the amount that is not refunded, up to the appropriate maximum limit.

The most **we** will pay in total under sections 3 to 5 will be the maximum limit shown in the summary of benefits for section 3 (Medical expenses while overseas).

Section 6 – Emergency medical evacuation

We will pay up to the maximum limit that applies to this section for **your selected plan** (as shown in the summary of benefits) for the reasonable expenses of an emergency medical evacuation, if the **appointed assistance company** (or their authorised representative) thinks it is medically appropriate for **you** to receive emergency **treatment** at another location **overseas** or to return to Singapore, and this is as a result of an **injury** or **illness** covered under section 1, 2 or 3.

The **appointed assistance company** will make all arrangements for **you** to be taken to the most suitable location, based on how serious the **injury** or **illness** is and the medical **treatment you** need. If **you** go to another location **overseas** to receive **treatment**, **we** will also pay for medically necessary and unavoidable expenses for returning **you** to Singapore afterwards, if necessary.

We cover expenses for services provided or arranged by the **appointed assistance company** for transport, medical services and medical supplies needed in connection with an emergency medical evacuation. **We** will not pay any expenses for services provided by a party other than our **appointed assistance company** (or their authorised representative), or expenses that are already included in the cost of the **trip**.

The most **we** will pay in total for each **insured person** during any one **period of insurance**, regardless of how many claims are made under sections 6 to 8 is the maximum limit that applies to this section for **your selected plan**.

If **your** claim is more than the maximum limit for this section, **we** can recover the excess amount from **you**.

Section 7 – Repatriation

If **you** pass away **overseas** within 30 days from the date of any **injury** or **illness** covered under sections 1, 2 or 3, **we** will pay up to the maximum limit that applies to this section for **your selected plan** (as shown in the summary of benefits) for the necessary expenses of transporting **your** body or ashes back to Singapore (repatriation). The **appointed assistance company** will arrange, and make all decisions about, the repatriation, unless it is not possible for the **appointed assistance company** to repatriate **you** due to reasons beyond **your** estate's control, and **we** consider such alternative arrangements to be reasonable.

We will not pay any expenses for services provided by a party other than the **appointed assistance company** (or their authorised representative), or expenses that are already included in the cost of the **trip**.

The most **we** will pay in total for each **insured person** during any one **period of insurance**, regardless of how many claims are made under sections 6 to 8 is the maximum limit that applies to section 6 (Emergency medical evacuation) for **your selected plan**.

If **your** claim is more than the maximum limit for this section, **we** can recover the excess amount from **you**.

Section 8 – Emergency phone charges

If **you** need to call **our appointed assistance company** during a medical emergency covered under section 1, 2, 6, or 7 of the **policy**, **we** will reimburse the actual **mobile phone** charges relating to this emergency phone call, up to the maximum limit that applies to this section for **your selected plan** (as shown in the summary of benefits).

The most **we** will pay in total for each **insured person** during any one **period of insurance** is the maximum limit that applies to section 6 (Emergency medical evacuation) for **your selected plan**, regardless of the number of claims that are made under sections 6 to 8.

Section 9 – Trip cancellation

This section only applies if **you** bought this **policy** before **you** knew about any circumstance that could lead to **your trip** being cancelled.

We will pay up to the maximum limit that applies to this section for **your selected plan** (as shown in the summary of benefits) for the unused portion of non-recoverable travel expenses (economy class) and accommodation costs that **you** paid for (except for item d below) if **you** have to cancel your **trip** within the 30 days before it was due to start as a direct result of any of the following.

- a) Death, compulsory quarantine ordered by a government or local authority, or the **serious injury** or **serious illness** of **you**, a **relative** or a **travel companion**, if the **serious injury** or **serious illness** is confirmed in writing by a **medical practitioner**.

If **you** bought the **policy** less than seven days before the start date of the **trip**, cover for **trip** cancellation will only apply if the cancellation is due to **your**, a **relative's** or a **travel companion's** death or **serious injury** arising from an **accident**.

- b) A **major event**.
- c) **Insolvency** of the **travel agent** that **you** booked **your** travel and accommodation package for **your trip** through. **We** will only pay for any non-refundable deposit, or the cost of travel tickets **you** have, whichever is less.
- d) Serious damage caused to **your** home by fire, flood or **natural disaster** and which:
- happens within the seven days before the departure date; and
 - requires **you** to be at home on the departure date.
- e) **You** being summoned by the Court of Law in Singapore to be a witness.

We will not pay **you** for any travel expenses or accommodation costs **you** paid using mileage points, holiday points or any reward schemes.

There is no cover under the other sections of the **policy** once the **trip** is cancelled.

If a claim relating to the same occurrence could be made under this section or section 11, the **policy** will pay a claim under either this section or section 11, not both.

Section 10 – Travel delay

This section only applies if **you** bought the **policy** before **you** knew about any circumstance that could lead to any travel delay during **your trip**.

We will pay up to the maximum limit that applies to this section for **your selected plan** (as shown in the summary of benefits) for every full six hours that the departure of any **public transport** **you** are due to travel on during **your trip** (**overseas** or in Singapore) is delayed.

If the delay happened in Singapore, **we** will only pay up to S\$500. This section only applies if the delay is due to any of the following.

- a) Poor weather conditions
- b) Mechanical breakdown, equipment failure or any structural or technical fault of the **public transport**
- c) Strike or other industrial action being taken by employees of the **public transport** provider, airport or seaport
- d) Riot
- e) Civil commotion (not including an uprising, military action or usurped power)
- f) **Natural disaster**
- g) An airport or airspace being closed

The delay period is the period from the scheduled departure time of the **public transport**, as shown on **your** itinerary or ticket, to the time the **public transport** actually departs.

The delay must be confirmed in writing by the **public transport** provider or their handling agents, indicating the reason for the delay (which must be one of the events listed a to g above) and the length of the delay.

If a claim relating to the same occurrence could be made under section 10 or 12, the **policy** will pay the claim under only one section.

Section 11 – Trip postponement

This section only applies if **you** bought the **policy** before **you** knew about any circumstance that could lead to **your trip** being postponed.

We will reimburse up to the maximum limit that applies to this section for **your selected plan** (as shown in the summary of benefits) for non-recoverable travel expenses and accommodation costs that **you** paid for (except for item c below) if **you** have to postpone **your trip** within the 30 days before it was due to start as a direct result of any of the following.

- a) Death, compulsory quarantine ordered by a government or local authority, or the **serious injury** or **serious illness** of **you**, a **relative** or a **travel companion** as long as the **serious injury** or **serious illness** is confirmed in writing by a **medical practitioner**.
- b) A **major event**.
- c) Serious damage caused to **your** home by fire, flood or **natural disaster** and which:
 - happens within seven days before the departure date; and
 - requires **you** to be at home on the departure date.
- d) **You** being summoned by the Court of Law in Singapore to be a witness.

We will not pay **you** for any travel expenses or accommodation costs **you** paid using mileage points, holiday points or any reward schemes.

There is no cover under the other sections of the **policy** once the **trip** is postponed.

If a claim relating to the same occurrence could be made under this section or section 9, the **policy** will pay the claim under either this section or section 9, not both.

Section 12 – Trip disruption

This section only applies if **you** bought the **policy** before **you** knew about any circumstance that could lead to **your trip** being disrupted.

We will pay up to the maximum limit that applies to this section for **your selected plan** (as shown in the summary of benefits) for the reasonable extra travel expenses or the cost of the unused portion of non-recoverable travel expenses (economy class), accommodation costs and **entertainment tickets** that **you** paid in advance if either a or b below applies.

- a) **You** have to change any part of **your trip** while **overseas** as a direct result of one of the following.
 - Death, compulsory quarantine ordered by a government or local authority, or the **serious injury** or **serious illness** of **you**, a **relative** or a **travel companion**, as long as the **serious injury** or **serious illness** is confirmed in writing by a **medical practitioner**.
 - A **major event**.
 - **Insolvency** of the **travel agent**.
 - Hijacking of the air or sea **public transport** you are on as a **fare-paying passenger**.
- b) **You** cannot return to Singapore on the scheduled date as **you** are hospitalised for more than five days while **overseas** due to **injury** or **illness**, and have been given medical advice not to travel.

We will not pay **you** any travel expenses or accommodation costs **you** paid using mileage points, holiday points or any reward schemes.

If a claim relating to the same occurrence could be made under section 10 or 12, the **policy** will pay the claim under only one section.

Section 13 – Baggage loss

We will pay up to the maximum limit that applies to this section for **your selected plan** (as shown in the summary of benefits) for loss of or damage to **baggage you** have taken on, or bought during, the **trip** (including clothing and personal belongings **you** are wearing or are carrying on **you** or in a trunk, suitcase or similar). Within the maximum limit, **we** will not pay more than the original cost of the items, up to a limit of:

- S\$1,000 in total for laptops and tablets, including accessories and batteries but not software;
- S\$500 in total for glasses; and
- S\$500 for any one item, or a pair or a set of items (for example, a pair of shoes or a camera and its accessories), even if bought separately.

For damaged items, **we** will reduce the value by an amount to allow for age and wear and tear. Instead of making a payment to **you**, **we** may replace or repair the item.

If any damaged item (or set or pair of items) is beyond economical repair, meaning that the necessary repairs would cost more than the item is worth, **we** will deal with the claim as if the item had been totally destroyed.

Any loss of **baggage** must be reported to the local police at the place of the loss, or to the air or sea transport provider concerned, within 24 hours of the incident. **You** must get written confirmation of the loss from the police or the transport provider.

The most **we** will pay in total for claims under sections 13 or 14 is the maximum limit that applies under this section.

If a claim relating to the same occurrence could be made under section 13, 14 or 16(a), the **policy** will pay the claim under only one section.

Section 14 – Personal money and travel documents

If any of **your** money (banknotes, coins and traveller's cheques) is lost **overseas** as a result of a robbery, burglary, theft or **natural disaster**, **we** will pay the amount of the loss, up to the maximum limit that applies to this cover for your selected plan (as shown in the summary of benefits).

If **your** passport, travel tickets and other relevant travel documents are lost while **overseas** as a result of a robbery, burglary, theft or **natural disaster**, **we** will pay up to the maximum limit that applies to this cover for **your selected plan** (as shown in the summary of benefits) for the cost of getting replacements, and the necessary and reasonable costs of extra travel and accommodation needed as a result of the loss.

Identity cards, prepaid cards, and any cards issued by financial institutions, associations, government authorities or corporations are not considered to be travel documents.

In the case of lost traveller's cheques, **you** must immediately report the loss to the local branch or agent of the issuer and get written confirmation of the reported loss from them.

You must report the loss to the local police at the place of the loss within 24 hours and get written confirmation (a police report) from them.

The most **we** will pay in total under sections 13 and 14 is the maximum limit that applies under section 13 (Baggage loss).

If a claim relating to the same occurrence could be made under section 13, 14, 16(a) or 21, the **policy** will pay the claim under only one section.

Section 15 – Baggage delay

If **your** checked-in **baggage** is delayed, misdirected or temporarily misplaced by the provider of the air or sea **public transport you** are travelling on during the **trip**, **we** will pay the amount shown for **your selected plan** in the summary of benefits for every full six hours **you** are without **your baggage** from the time **you** arrive at the **baggage** pick-up point at the scheduled destination.

If the **baggage** delay took place in Singapore, **we** will only pay up to S\$200.

You must report the problem to the transport provider within 24 hours of arriving at the **baggage** pick-up point and get written confirmation of the length and cause of the delay from them.

If **your baggage** is permanently lost, any amount **we** pay under this section will be taken off the amount to be paid under section 13 (Baggage loss).

Section 16 – Golfer’s cover (does not apply to Value or Economy plans)

The cover under this section does not apply to any **insured person** who is a **child**.

a) Damage to or loss of golf equipment

We will pay up to the maximum limit that applies to this section for **your selected plan** (as shown in the summary of benefits) for loss of or damage to golf equipment (golf clubs and bags that **you** own, have rented or borrowed, or are in **your** care) caused by an **accident** or theft during your **trip overseas**, except for any loss or damage arising during play or practice, as long as the **accident** or theft happened in a **public place** and was due to circumstances beyond **your** control.

The maximum limit **we** will pay applies to any one item or pair or set of items.

You must take every possible step to make sure the golf equipment is not left unattended in a **public place** and is safe at all times.

When **we** pay a claim, **we** will reduce the value of the golf equipment to allow for age and wear and tear, unless **you** can provide evidence that the golf equipment was bought within the previous 12 months. Instead of making a payment to **you**, **we** may replace or repair the item.

If any damaged item is beyond economical repair, meaning that the necessary repairs would cost more than the item is worth, **we** will deal with the claim as if the item had been destroyed.

You must report the loss, damage or theft to the police, or another relevant authority at the place where the incident happened, within 24 hours. **You** must get a police report or a report from the relevant authority as evidence of the reported loss.

If the loss or damage happened while the golf equipment was with a transport provider or their handling agent, **you** should claim for the loss or damage from them first. **We** will not make any payment under the **policy** until **we** receive proof:

- that the transport provider or handling agent has refused to pay compensation; or
- of the amount of compensation **you** received.

If a claim relating to the same occurrence could be made under section 13, 14, 16(a) or 21, the **policy** will pay the claim under only one section.

b) Green fees

We will pay up to the maximum limit that applies to this section for **your selected plan** (as shown in the summary of benefits) for green fees, hire fees for golf equipment or tuition fees for golf coaching which **you** have paid, and cannot get a refund for, if **you** cannot use the golf course, golf equipment or coaching on the dates **you** booked due to an **injury** or **illness** that arose after **you** made the booking.

c) Hole-in-one

If **you** get a hole-in-one at any 18-hole golf course during **your trip**, **we** will pay up to the maximum limit that applies to this section for **your selected plan** (as shown in the summary of benefits) to cover the cost of one round of celebratory drinks.

You must give **us**:

- written confirmation of the hole-in-one from the golf club’s professional; and
- the original receipt for the round of drinks on the day **you** got the hole-in-one.

Section 17 – Automatic extension of cover

The **policy** will be automatically extended for up to 30 days, without **you** having to pay an extra premium, if **you** are hospitalised and quarantined **overseas** on the advice of a **medical practitioner**.

Section 18 – Terrorism extension

Sections 1, 2, 3, 4, 5, 6, 9, 11 and 12 are extended to cover terrorism. For claims under any of those sections that relate to terrorism, the total amount **we** will pay, regardless of how many policies **you** have covering the **trip**, is limited to the maximum limit that applies to that section for **your selected plan** (as shown in the summary of benefits).

For the purpose of this extension, terrorism is any action or threat of action, whether or not it involves force or violence, that is:

- committed for political, religious, ideological or similar purposes;
- intended to influence any government; and
- designed to scare or intimidate the public or any section of the public.

This terrorism extension does not include the following.

- c) Hang-gliding

Section 20 – Rental vehicle excess (does not apply to Value or Economy plans)

If, during the **trip** outside Singapore:

- **you** rent or hire a car or a camper van from a licensed rental agency; and
- the rental agreement includes an excess (or a similar condition) which makes **you** liable for loss of or damage to the rental vehicle;

we will pay up to the maximum limit that applies to this section for **your selected plan** (as shown in the summary of benefits) if **you** become liable for paying this excess, as long as:

- it is as a result of accidental loss or damage caused by a collision or theft while the vehicle is in **your** control;
- **you** have kept to the rental agreement, the conditions of insurance, and the laws, rules and regulations of the country **you** are in at the time of the loss or damage; and
- at the time of the **accident you** had a licence needed to drive the vehicle and **you** were not speeding.

We will not pay for any loss or damage arising from wear and tear, gradual deterioration, damage from insects or vermin, or any existing fault, defect (including hidden defects) or damage.

The cover under this section does not apply to any **insured person** who is a **child**.

Sections 21, 22 and 23 only apply if you have a Singtel mobile phone contract.

Section 21 – Phone care

We will pay for loss of or damage to **your mobile phone** caused by an **accident** or theft during **your trip**.

The most **we** will pay is:

- the maximum limit that applies to this section for **your selected plan** (as shown in the summary of benefits); or
 - the original price of the **mobile phone**;
- whichever is lower.

Instead of making a payment to **you**, **we** may replace or repair any damaged **mobile phone**. If the **mobile phone** is damaged beyond economical repair (meaning that the necessary repairs would cost more than the item is worth, after taking an amount off for wear and tear and loss of value due to age and use), **we** will deal with the claim as if the **mobile phone** had been stolen or destroyed.

You must report the theft of a **mobile phone** to the local police at the place of the loss, or the carriers of the air or sea **public transport** concerned, within 24 hours of the incident, and get a police report or a written statement from the carrier.

You must provide a Singtel **mobile phone** bill, showing **your** name and **mobile phone** number, to support **your** claim.

Section 22 – Bill protect

If **you** are hospitalised **overseas** for a period of at least 24 hours due to an **accident**, **we** will reimburse **your** Singtel **mobile phone** bill from the date **you** are hospitalised until the end of **your trip**. The most **we** will pay is the maximum limit that applies to this section for **your selected plan**, as shown in the summary of benefits.

You must provide your Singtel **mobile phone** bill, showing **your** name and **mobile phone** number, to support **your** claim.

Section 23 – Data rescue

We will reimburse any additional Singtel mobile data expenses arising as a result of a travel delay of at least 12 hours from the scheduled departure of the **public transport you** are travelling on while **you** are **overseas**, if that delay is due to:

- poor weather conditions;
- mechanical breakdown, equipment failure or any structural or technical fault of the **public transport**;
- strike or other industrial action being taken by employees of the **public transport** provider, airport or seaport;
- riot or civil commotion (not including an uprising, military action or usurped power);
- **natural disaster**; or
- an airport or airspace being closed.

The most **we** will pay is the maximum limit that applies to this section for **your selected plan**, as shown in the summary of benefits.

The delay period is considered to be the period from the scheduled departure time shown on **your** itinerary or ticket to the time the **public transport** actually departs.

The delay must be confirmed in writing by the **public transport** provider, indicating the reason for the delay and the length of the delay.

You must provide **your** Singtel **mobile phone** bill, showing **your** name and **mobile phone** number, to support **your** claim.

Overall limit of liability

The maximum amount **we** will pay for any single event leading to a claim is S\$5,000,000 in total for all **insured persons**, under all policies issued by **us**.

If the total amount of a claim involving more than one **insured person** is more than S\$5,000,000, the S\$5,000,000 will be divided among the **insured persons** involved, in proportion to the maximum limit for each **insured person**, as set out in the summary of benefits.

 - b. Ionising radiation, toxic contamination or radioactive contamination from nuclear fuel or from any nuclear waste from burning nuclear fuel.

This exclusion also applies to any loss, damage, cost or expense directly or indirectly caused by or in connection with any action taken to control, prevent or suppress any act of terrorism.

If **we** think that this exclusion prevents the **policy** from covering any loss, damage, cost or expense and **you** disagree, **you** must provide proof that this exclusion does not apply. If **you** don't, the loss, damage, cost or expense will not be covered.

If any part of this exclusion cannot be enforced, the rest of it will stay in force and can be enforced.

This exclusion applies to claims made after the date of the declaration or announcement, unless the diagnosis was made by a **medical practitioner** before the declaration or announcement.

This exclusion will continue to apply until the declaration or announcement is cancelled or withdrawn.

For the purpose of this exclusion, an infectious or contagious disease is any disease that can be transmitted in any way from an infected person or animal to another person or animal.

5. **Sanctions**

We will not be considered to have provided cover, and will not be responsible for paying any claim or providing any benefit under the **policy**, if doing so may, in **our** opinion, lead to **us** breaking or going against any sanction, prohibition, restriction or regulation set by any state, country or organisation that operates across national borders (sanctions).

COVID-19 Coverage

(Applicable for Premium and Economy single trip 2-way plans and annual multi-trip plans, each trip must not exceed 90 days.)

If you are purchasing a new policy, we have extended the Singtel Travel Protect policy to cover certain situations pertaining to COVID-19. This means that for some benefits, cover is expanded to include losses occurring after COVID-19 was a known event and could reasonably have been expected to lead to a claim. For a detailed summary of what is covered or not covered for COVID-19, please refer to the policy wording. Before purchasing the policy, please note that:

- The extension only applies if your trip is under the latest permitted travel arrangement as per Singapore Government travel advisory. For single-trip policies and annual multi-trip policies, the extension only applies if the trip is no longer than 90 days in a row.
- The extension is applicable to Premium and Economy plans only.
- You are not serving a stay home notice or quarantined due to COVID-19 or traveled to any countries other than the list of countries permitted as per the Singapore Government travel advisory within 14 days before your trip started.
- If required by authorities, you must take a COVID-19 Polymerase Chain Reaction (PCR) test or any COVID-19 equivalent test approved by Singapore authorities within 72 hours before the start of your trip and you must be tested negative. Otherwise, there is no cover under section 24a - Medical expenses while overseas, section 24b – Emergency medical evacuation, section 24c – Repatriation, section 24g – Overseas quarantine allowance, section 24h – Overseas hospital allowance, section 24i – Automatic extension of cover of this extension.
